All families are required to submit a new registration form. This ensures the information we have is up to date. Please submit to the office as soon as possible.

After School Activities

Watch for details of a new after school club beginning in March running through to the end of April.

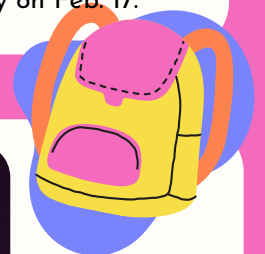

This month in our school

Happy Valentine's Day

February is a short but busy month. I have included in the Upcoming Events a couple of days in March to be penciled into your calendars. These are important dates to keep in mind. For physical education classes after we return from the February break, the school will be at Pound It Dance Studio. We are within walking distance which makes transportation easy. Parents of our littles will be asked to pick up at the studio. You will receive further details from your child's teacher. The kids loved their skating lessons. Thank you to Jess (Bella's mom) for coordinating the instructors. The feedback has been very positive. We appreciate your time in making this off site event happen.

SUMMER CAMPS: If you would be interested in this summer camp idea, please let me know. We are brainstorming and planning to hold these in July and early August.

Have a fantastic February. Enjoy Family Day on Feb. 17.

WHAT A BLAST
They sang their hearts out!
