Coming in the new year

This month in our school

We have a very busy November. Please mark all of the Upcoming Events on your calendars. We begin with our first Parent/Teacher Conference. You will find the sign up sheet in the entrances. Please choose a time that works with your schedule. This first conference is an important one. This is our opportunity to meet you and share with you how your student is doing at school. We can make alternate arrangements if the 6th or 7th does not work. Please connect with your child's teacher if need be. We have our Remembrance Day Assembly on November 8. The senior students are in charge of the program. All families are invited to share in this observance of our veterans. Please note no school on November 11.

The Toonie Christmas Market is our annual fundraiser for the Outreach Centre. The funds raised goes towards the Adopt A Family Program. If you have items in your home that can be regifted, consider donating them to the school. All items in our market cost \$2.00. All children and students shop for their family at our market. You will be receiving additional information soon. Please watch for that to come home. We are again performing at the Festival of Trees on November 29. I will send home more information as soon as I have our performance time. We will require parental help both during the bus ride to the Westerner and at the Westerner. ALL children and students are picked up at the Westerner after the performance.

I am sharing with you the email addresses for each teacher. I have heard from some of you that you are not too sure how to contact your teacher.
