### This month in our school

#### Kensei MAF

Sensei Kent and coach Maddon are spectacular. Their interaction with the students is encouraging, supportive and respectful. Besides being a good physical workout, the children and students are learning how to be not only stronger but also smarter. They are loving it. We can see the change in their confidence levels already. The school has requested an extension into April. We will let you know. Enjoy the pics.

### Mighty Pre-Kinders

Our Pre-Kinders are reading emergent stories and their Sight Words. Well done Pre-Kinders!

**Final call for registration forms for all programs.**
